Visual Thinking, Explanations, Analysis, and Strategy (1-100)

1. /handwritten — Notebook-style handwritten notes
2. /visualize — Turn ideas into visual explanations
3. /stickynotes — One idea per sticky note
4. /infographic — Infographic layout
5. /diagram — Draw a concept diagram
6. /flowchart — Step-by-step flowchart
7. /mindmap — Create a mind map
8. /xray — Show internal structure
9. /blueprint — Technical blueprint
10. /explodedview — Break object into components
11. /thenvsnow — Compare past vs present
12. /timeline — Chronological timeline
13. /beforeafter — Transformation comparison
14. /cutaway — Cutaway illustration
15. /anatomy — Explain all parts
16. /layers — Layer-by-layer architecture
17. /ecosystem — Show all connected players
18. /journey — End-to-end journey
19. /process — Explain a complete process
20. /cycle — Visualize recurring cycles
21. /roadmap — Learning or execution roadmap
22. /dashboard — Dashboard with KPIs
23. /comparison — Side-by-side comparison
24. /versus — Head-to-head battle format
25. /scale — Compare sizes visually
26. /evolution — Show evolution over time
27. /future — Imagine future scenarios
28. /inside — Reveal inner workings
29. /microscopic — Zoom into microscopic view
30. /macroscopic — Zoom out to system level
31. /crosssection — Cross-sectional illustration
32. /map — Geographic or concept map
33. /heatmap — Intensity visualization
34. /network — Relationship network
35. /architecture — Software/system architecture
36. /wireframe — Website/app layout
37. /mockup — Realistic product preview
38. /prototype — Early product concept
39. /schematic — Simple technical schematic
40. /isometric — 3D isometric illustration
41. /birdseye — Top-down view

42. /360view — All-angle visualization
43. /storyboard — Scene-by-scene storyboard
44. /comic — Explain through comic panels
45. /poster — Poster design
46. /cover — Book/report cover
47. /adcreative — Advertising concept
48. /thumbnail — YouTube thumbnail concept
49. /carousel — Instagram/LinkedIn carousel
50. /socialvisual — Social media graphic
51. /quotevisual — Quote as shareable visual
52. /eli5 — Explain simply
53. /expert — Expert-level explanation
54. /firstprinciples — Break to fundamentals
55. /deepdive — Comprehensive explanation
56. /simplify — Simplify difficult content
57. /analogy — Explain with analogy
58. /socratic — Teach using questions
59. /teachme — Structured tutoring
60. /cheatsheet — Quick-reference notes
61. /flashcards — Study flashcards
62. /quiz — Generate quiz
63. /viva — Viva preparation
64. /interview — Mock interview
65. /devilsadvocate — Challenge assumptions
66. /factcheck — Verify claims
67. /mythvsfact — Separate myths from facts
68. /proscons — Advantages vs disadvantages
69. /swot — SWOT analysis
70. /pestle — PESTLE analysis
71. /fiveforces — Porter’s Five Forces
72. /rootcause — Find root cause
73. /fivewhys — 5 Why analysis
74. /decisionmatrix — Weighted decision matrix
75. /scenario — Scenario planning
76. /simulate — Simulation exercise
77. /roleplay — Assume an expert role
78. /consultant — Consulting-style advice
79. /executivebrief — Executive summary
80. /insights — Extract insights
81. /recommendations — Provide recommendations
82. /prioritize — Rank by priority
83. /benchmark — Benchmark comparison
84. /marketmap — Industry landscape
85. /strategy — Strategic planning

86. /businessmodel — Business model explanation
87. /pitch — Investor/startup pitch
88. /investor — Investor perspective
89. /redteam — Stress-test a plan
90. /premortem — Assume failure and analyze why
91. /reverseengineer — Break down success
92. /promptengineer — Optimize prompts
93. /research — Structured research
94. /sources — Find reliable sources
95. /summarize — Summarize content
96. /extract — Extract key information
97. /table — Convert into table
98. /presentation — Presentation outline
99. /dashboardanalysis — Analyze dashboards
100. /actionplan — Create step-by-step action plan

Part 2: Content Creation, Social Media, and Marketing (101-200)

1. /viral — Rewrite for maximum virality
2. /viralreel — Create a high-retention Instagram Reel
3. /viralshorts — Optimize for YouTube Shorts
4. /viralhook — Generate a scroll-stopping hook
5. /hook — Write opening lines
6. /hook10 — Generate 10 hook options
7. /hook50 — Generate 50 hook ideas
8. /retention — Improve audience retention
9. /retentioncurve — Plan engagement across the content
10. /patterninterrupt — Add attention-grabbing interruptions
11. /openloop — Create curiosity loops
12. /curiosity — Increase curiosity
13. /psychology — Apply psychological principles
14. /dopamine — Make content more rewarding
15. /emotion — Increase emotional impact
16. /fear — Use fear ethically
17. /surprise — Add surprising twists
18. /shock — Create a shocking opener
19. /storytelling — Narrative storytelling
20. /herojourney — Hero’s Journey structure
21. /script — Generate a script
22. /script30 — 30-second script
23. /script60 — 60-second script
24. /script90 — 90-second script

25. /script180 — 3-minute script
26. /narration — Voice-over script
27. /voiceover — Natural narration
28. /monologue — Single-speaker script
29. /dialogue — Conversation format
30. /podcast — Podcast episode outline
31. /youtube — Long-form YouTube format
32. /shorts — YouTube Shorts style
33. /reels — Instagram Reels style
34. /tiktok — TikTok style
35. /linkedin — LinkedIn post
36. /twitter — X (Twitter) thread/post
37. /facebook — Facebook-friendly post
38. /instagram — Instagram caption
39. /caption — Generate captions
40. /caption10 — 10 caption ideas
41. /hashtags — Relevant hashtags
42. /cta — Call-to-action
43. /engagement — Increase comments/shares
44. /shareworthy — Make people share
45. /saveworthy — Make people save
46. /commentbait — Encourage discussion
47. /poll — Create a poll
48. /communitypost — YouTube Community post
49. /newsletter — Newsletter draft
50. /blog — Blog article
51. /seo — SEO optimization
52. /keywords — Generate keywords
53. /headline — Write headlines
54. /titles — Generate multiple titles
55. /thumbnailtext — Thumbnail text ideas
56. /thumbnailaudit — Review thumbnail concept
57. /titleaudit — Review title effectiveness
58. /contentaudit — Review content quality
59. /copywriter — Professional marketing copy
60. /landingpage — Landing page copy
61. /salespage — Sales page copy
62. /emailmarketing — Marketing email
63. /coldemail — Cold outreach email
64. /sales — Sales-oriented messaging
65. /branding — Brand positioning
66. /brandvoice — Match a brand tone
67. /positioning — Market positioning
68. /offer — Craft an offer

69. /usp — Unique selling proposition
70. /valueprop — Value proposition
71. /campaign — Marketing campaign
72. /launch — Launch strategy
73. /contentcalendar — Content calendar
74. /postingplan — Posting schedule
75. /series — Content series ideas
76. /challenge — Challenge campaign
77. /trend — Leverage current trends
78. /evergreen — Evergreen content
79. /repurpose — Repurpose existing content
80. /broll — Suggest B-roll shots
81. /shotlist — Generate a shot list
82. /cameraangles — Suggest camera angles
83. /cinematic — Cinematic treatment
84. /cinematicsketch — Cinematic sketch prompt
85. /storyboardpro — Detailed storyboard
86. /sceneplan — Scene-by-scene planning
87. /transitions — Editing transitions
88. /motiongraphics — Motion graphics ideas
89. /vox — Vox documentary style
90. /johnnyharris — Johnny Harris storytelling style
91. /magnatesmedia — MagnatesMedia documentary style
92. /kurzgesagt — Kurzgesagt-inspired explanation
93. /netflix — Netflix documentary tone
94. /bbc — BBC documentary style
95. /natgeo — National Geographic style
96. /applekeynote — Apple keynote presentation style
97. /minimal — Minimalist style
98. /modern — Modern clean style
99. /premium — Premium editorial look
100. /aesthetic — Stylized aesthetic presentation

Part 3: AI Image Prompting, Photography, and Art Styles (201-300)

1. /photorealistic — Ultra-realistic image style
2. /hyperrealistic — Extreme realism
3. /cinematicphoto — Movie-like photograph
4. /portrait — Professional portrait
5. /headshot — Corporate headshot
6. /editorial — Magazine editorial look
7. /fashion — Fashion photography style
8. /lifestyle — Lifestyle photography

9. /streetphoto — Street photography
10. /travelphoto — Travel photography
11. /wildlife — Wildlife photography
12. /macrophoto — Macro photography
13. /droneview — Drone aerial shot
14. /360drone — 360° aerial concept
15. /topdown — Top-down composition
16. /lowangle — Low-angle perspective
17. /highangle — High-angle perspective
18. /wideangle — Wide-angle lens look
19. /telephoto — Telephoto compression
20. /fisheye — Fisheye lens effect
21. /depthoffield — Shallow depth of field
22. /bokeh — Soft blurred background
23. /goldenhour — Golden hour lighting
24. /bluehour — Blue hour lighting
25. /sunset — Sunset lighting
26. /sunrise — Sunrise atmosphere
27. /nightmode — Night photography
28. /neon — Neon lighting
29. /moody — Dark cinematic mood
30. /dramaticlighting — Strong dramatic light
31. /volumetriclight — God rays and volumetric lighting
32. /rimlight — Rim lighting
33. /silhouette — Silhouette composition
34. /backlit — Backlit subject
35. /blackandwhite — Monochrome style
36. /filmgrain — Vintage film grain
37. /kodak — Kodak film aesthetic
38. /fujifilm — Fujifilm color palette
39. /polaroid — Polaroid instant photo style
40. /vintage — Vintage aesthetic
41. /retro — Retro design style
42. /80s — 1980s aesthetic
43. /90s — 1990s aesthetic
44. /cyberpunk — Cyberpunk world
45. /steampunk — Steampunk theme
46. /dieselpunk — Dieselpunk aesthetic
47. /solarpunk — Solarpunk future
48. /postapocalyptic — Post-apocalyptic world
49. /fantasy — Fantasy artwork
50. /scifi — Science-fiction style
51. /space — Outer space visuals
52. /planet — Planetary illustration

53. /galaxy — Galaxy visualization
54. /nebula — Nebula artwork
55. /underwater — Underwater scene
56. /ocean — Ocean landscape
57. /mountains — Mountain scenery
58. /forest — Forest landscape
59. /desert — Desert environment
60. /cityscape — Urban skyline
61. /architecturephoto — Architectural photography
62. /interior — Interior design visualization
63. /minimalinterior — Minimal interior concept
64. /luxury — Luxury aesthetic
65. /productphoto — Professional product photography
66. /packaging — Packaging mockup
67. /advertising — Advertising visual
68. /billboard — Billboard mockup
69. /posterdesign — Poster concept
70. /brandingmockup — Brand identity preview
71. /logo — Logo concepts
72. /iconset — Custom icon set
73. /mascot — Mascot character
74. /characterdesign — Original character
75. /conceptart — Concept art
76. /environmentart — Environment concept art
77. /mattepainting — Matte painting style
78. /digitalpainting — Digital art
79. /oilpainting — Oil painting style
80. /watercolor — Watercolor illustration
81. /acrylic — Acrylic painting
82. /charcoal — Charcoal sketch
83. /pencilsketch — Pencil drawing
84. /inkdrawing — Ink illustration
85. /crosshatching — Cross-hatching style
86. /comicbook — Comic book art
87. /manga — Manga style
88. /anime — Anime artwork
89. /ghibli — Studio Ghibli-inspired style
90. /pixar — 3D animated family-film look
91. /lowpoly — Low-poly 3D
92. /voxel — Voxel art
93. /pixelart — Pixel art
94. /clayrender — Clay render
95. /3drender — Photorealistic 3D render
96. /octanerender — Octane-style render look

97. /unrealengine — Unreal Engine cinematic look
98. /blender — Blender 3D visualization
99. /midjourneystyle — Prompt styled for Midjourney-like aesthetics
100. /imageprompt — Convert an idea into a detailed AI image prompt

Part 4: Writing, Productivity, Coding, and Research (301-400)

1. /rewrite — Rewrite while preserving meaning
2. /improve — Improve clarity and quality
3. /polish — Make writing smoother
4. /proofread — Correct grammar and spelling
5. /grammar — Fix grammar only
6. /copyedit — Professional copy editing
7. /expand — Expand into more detail
8. /shorten — Condense the text
9. /paraphrase — Reword naturally
10. /simplifytext — Use easier language
11. /formal — Formal tone
12. /casual — Casual conversational tone
13. /friendly — Warm, friendly tone
14. /professional — Professional business tone
15. /persuasive — Convincing writing
16. /convincing — Strengthen arguments
17. /academic — Academic writing style
18. /journalistic — News-style writing
19. /story — Write as a story
20. /essay — Essay format
21. /article — Article format
22. /report — Professional report
23. /whitepaper — White paper structure
24. /casestudy — Case study format
25. /proposal — Business proposal
26. /sop — Standard Operating Procedure
27. /playbook — Create a playbook
28. /manual — User manual
29. /guide — Step-by-step guide
30. /faq — Frequently Asked Questions
31. /checklist — Checklist format
32. /template — Reusable template
33. /outline — Structured outline
34. /bulletpoints — Bullet summary
35. /keypoints — Only key takeaways
36. /highlights — Highlight important ideas

37. /notes — Study notes
38. /minutes — Meeting minutes
39. /agenda — Meeting agenda
40. /meetingsummary — Summarize meeting
41. /todo — Generate to-do list
42. /kanban — Kanban task board
43. /gantt — Gantt chart plan (text)
44. /okr — Objectives & Key Results
45. /kpi — Key Performance Indicators
46. /smartgoals — SMART goals
47. /roadmap90 — 90-day roadmap
48. /roadmapyear — Annual roadmap
49. /milestones — Project milestones
50. /risks — Risk assessment
51. /riskmatrix — Likelihood × impact matrix
52. /dependencies — Task dependencies
53. /estimate — Estimate effort/time
54. /budget — Budget planning
55. /forecast — Forecast outcomes
56. /metrics — Suggest useful metrics
57. /dashboardmetrics — Dashboard KPI ideas
58. /decisiontree — Decision tree analysis
59. /fishbone — Fishbone (Ishikawa) analysis
60. /pareto — 80/20 Pareto analysis
61. /lean — Lean methodology
62. /sixsigma — Six Sigma approach
63. /agile — Agile methodology
64. /scrum — Scrum framework
65. /kanbanflow — Kanban workflow
66. /productivity — Optimize productivity
67. /timemanagement — Time management advice
68. /pomodoro — Pomodoro schedule
69. /studyplan — Study plan
70. /revisionplan — Revision timetable
71. /learningpath — Progressive learning path
72. /feynman — Explain using the Feynman technique
73. /memory — Memory techniques
74. /mnemonics — Create mnemonics
75. /practice — Generate practice exercises
76. /challengequestions — Difficult questions
77. /coding — Write code
78. /explaincode — Explain existing code
79. /debug — Find and fix bugs
80. /refactor — Improve code structure

81. /optimizecode — Optimize performance
82. /reviewcode — Code review
83. /pseudocode — Convert to pseudocode
84. /algorithm — Design an algorithm
85. /datastructure — Choose suitable data structure
86. /sql — Generate SQL
87. /regex — Create regular expressions
88. /api — Design or explain APIs
89. /json — Format or generate JSON
90. /yaml — Generate YAML
91. /csv — Generate CSV content
92. /xml — Generate XML
93. /researchplan — Plan structured research
94. /literaturereview — Summarize existing research
95. /hypothesis — Generate hypotheses
96. /experiment — Design an experiment
97. /peerreview — Critically review work
98. /critic — Constructive critique
99. /audit — Perform a comprehensive audit
100. /framework — Apply the most suitable analytical framework

Part 5: Creative Thinking, AI Workflows, and Advanced Prompting (401-500)

1. /brainstorm — Generate lots of ideas
2. /ideas10 — Generate 10 ideas
3. /ideas50 — Generate 50 ideas
4. /creative — Think creatively
5. /innovate — Suggest innovative solutions
6. /outofthebox — Unconventional ideas
7. /inspiration — Creative inspiration
8. /random — Random ideas
9. /combine — Combine multiple concepts
10. /remix — Remix an existing idea
11. /alternate — Alternative approaches
12. /variants — Multiple versions
13. /options — List several options
14. /compareideas — Compare different ideas
15. /bestoption — Choose the strongest option
16. /decision — Help make a decision
17. /advisor — General advisor mode
18. /mentor — Mentorship guidance
19. /coach — Coaching approach

20. /teacher — Teach step by step
21. /tutor — Personal tutoring mode
22. /professor — University-level teaching
23. /scientist — Scientific perspective
24. /engineer — Engineering perspective
25. /doctor — Medical educational explanation (not diagnosis)
26. /lawyer — Legal educational explanation (not legal advice)
27. /psychologist — Psychology perspective
28. /economist — Economic analysis
29. /historian — Historical perspective
30. /journalist — Investigative reporting style
31. /editor — Editorial improvements
32. /designer — Design thinking approach
33. /architect — System architecture mindset
34. /productmanager — Product management view
35. /founder — Startup founder mindset
36. /ceo — CEO decision-making style
37. /investorview — Investor evaluation
38. /customer — Customer perspective
39. /beginner — Beginner-friendly explanation
40. /advanced — Advanced technical explanation
41. /stepbystep — Sequential instructions
42. /interactive — Ask questions while solving
43. /walkthrough — Detailed walkthrough
44. /simulation — Simulate a scenario
45. /negotiation — Negotiation role-play
46. /debate — Present opposing viewpoints
47. /counterargument — Generate counterarguments
48. /critique — Critically evaluate
49. /improveidea — Strengthen an idea
50. /validate — Check whether an idea is sound
51. /assumptions — List hidden assumptions
52. /constraints — Identify constraints
53. /tradeoffs — Explain trade-offs
54. /opportunities — Find opportunities
55. /risksfuture — Future risk analysis
56. /trendanalysis — Analyze trends
57. /forecastfuture — Predict possible futures
58. /signals — Weak signal detection
59. /emergingtech — Emerging technology overview
60. /futureproof — Make something future-ready
61. /automation — Identify automation opportunities
62. /workflow — Design a workflow
63. /pipeline — Create a process pipeline

64. /systemthinking — Analyze as an interconnected system
65. /mentalmodels — Apply mental models
66. /heuristics — Decision heuristics
67. /principles — Core principles
68. /frameworkcompare — Compare analytical frameworks
69. /bestpractice — Industry best practices
70. /mistakes — Common mistakes to avoid
71. /dosanddonts — Do's and Don'ts list
72. /quickwins — Fast improvements
73. /optimization — Optimize performance
74. /efficiency — Increase efficiency
75. /automationplan — Automation roadmap
76. /aiworkflow — AI-assisted workflow
77. /promptaudit — Review and improve prompts
78. /promptlibrary — Organize prompts
79. /promptchain — Chain prompts together
80. /metaprompt — Generate prompts that create prompts
81. /systemprompt — Draft a system prompt
82. /persona — Create a role/persona
83. /role — Respond as a specific role
84. /simulateexpert — Emulate an expert's reasoning style
85. /multiexpert — Multiple expert perspectives
86. /consensus — Find common ground
87. /disagreement — Highlight disagreements
88. /evidence — Support with evidence
89. /confidence — Estimate confidence level
90. /uncertainty — Explain what's uncertain
91. /limitations — State limitations
92. /assess — Evaluate comprehensively
93. /scorecard — Create a scoring framework
94. /ranking — Rank options
95. /matrixcompare — Comparison matrix
96. /finalanswer — Provide only the final answer
97. /thinking — Show reasoning at a high level (not hidden reasoning)
98. /executemode — Focus on producing the requested output
99. /masterprompt — Combine multiple prompt techniques
100. /allinone — Use the best combination of structures, reasoning, visuals, and formatting for the task
